1. [REDACTED] announced that [REDACTED] had been designated 25X1A9a the DD/P Training Officer to provide full time overall attention to the training problems of the Clandestine Services, such as the rotation of instructors in and out of OTR, review and development of courses, priorities, etc.

2. Regarding the question of foreign marriages, [REDACTED] stated that before presenting such cases to General Cabell, they should be taken up with the DD/P Career Service Panel to prepare a firm position and iron out any internal differences of opinions.

3. [REDACTED] reported a visit from Messrs. Macy, Perry and Hamilton of the Bureau of the Budget at which Mr. Macy expressed the following views regarding his recent trip to South America:

a. He was surprised to find that the FBI still had an office 25X1A

[REDACTED] felt that Mr. Macy was passing on the foregoing comments more as a good American citizen than in any connection with his official position at the Bureau of the Budget.

4. There was a lengthy general discussion of the administrative problems of the field case officer and the work-load that has been placed upon him by regulations. It was clear that everybody thought that something should be done but were not able to put their finger on just what. [REDACTED] was asked to review the existing requirements, both at Headquarters and in the field. [REDACTED] recent report on Administrative Work-Load was mentioned but had not been passed around enough to warrant discussion. As [REDACTED] put it, "We are certainly getting wound up in our own intestines and clearly need to get the organization straightened out." It was left that the Work-Load Report would be circulated and an attempt made to pinpoint cases needing attention.

5. [REDACTED] asked all the Clandestine Service components to present their recruitment requirements to his and C/PP's offices in order that the informal committee who had been looking into these matters could complete their work.

6. [REDACTED] reported that Colonel Lane of the Clark Committee Task Force had been instructed to have his report ready by 18 March. Apparently Colonel Lane and Admiral Connelly were very favorably impressed with what they saw on their overseas trip, but General Christensen was reported as holding an entirely opposite view of the Agency. [REDACTED] remarked that Colonel Miller has been very critical of the DD/I set up and among other things, may recommend that OO should take over the work of FI.

7. I told the group that papers heretofore sent to DD/P-Admin. should be marked for the attention of the Special Support Assistant and sent directly to [REDACTED] office in order to save the time involved in coming to the Administration Building and going back to L Building.
